

Billnäs

SOMMAR

Antique fair 5. - 8.7.2012

The most significant antique fair during the Finnish summer, Billnäs antique fair, will be organized already for the 22nd time in July. The event that has turned into an annual gathering among antique enthusiasts brings together also big groups of consumers interested in old articles and interior design to the idyllic landscape of Billnäs Ironworks.

We try to respect our visitors' wishes by gathering partners to the event that together represent a wide range of the field, with some exhibitors coming from outside the Finnish borders. The fair is an excellent sales channel to sellers of antiques, furniture, collector's items and arts to name a few.

A unique environment for events

Billnäs Ironworks was founded in 1641 and celebrated its 370th anniversary in 2011; the colorful history of the area is genuinely a part of the atmosphere also during the antique fair.

The fair has been built in an industrial building where the past is still visible in the best possible ways. The milieu of the Ironwork suits perfectly for an antique fair and exhibitions. Visitors are being entertained by art- and garden exhibitions, live music and by the fully renovated guesthouse and restaurant, in addition to the comprehensive fair area. Guests can experience a unique combination of the past and the present, when the historic Billnäs ironworks transforms into a versatile and family friendly event center.
