

Billnäs

SOMMAR

Gardening 26. - 27.5.2012

Billnäs gardening fair will be organized for the 4th time in July 2012. The vernal event has turned into an annual gathering and brings together a big group of gardening enthusiasts to the idyllic landscape of Billnäs Ironworks.

We try to respect our visitors' wishes by providing a wide range of plants, flowers and different horticultural products. The fair is an excellent sales channel to sellers of plants, seeds, gardening tools and -supplies as well as courtyard interior decoration products.

A unique environment for events

Billnäs Ironworks was founded in 1641 and celebrated its 370th anniversary in 2011; the history of the area is genuinely a part of the atmosphere also during the gardening fair. The fair has been built in an industrial building where the past is still visible in the best possible ways. The milieu of the Ironworks suits perfectly for selling gardening related products as well as for garden exhibitions.

Visitors are being entertained by art- and garden exhibitions, live music and by the fully renovated guesthouse and restaurant, in addition to the comprehensive fair area. Guests of Billnäs Ironworks can experience a unique combination of the past and the present, when the historic Billnäs ironworks transforms into a versatile and family friendly event center.

We welcome you to sell your products and services at Billnäs Ironworks!
